# MESSAGE FROM CEO

Rways Group has growing reputation as a provider of total solutions for logistics needs. The clearing and forwarding industry in addition to transportation and logistics are ever changing and becoming even more sophisticated. Players of these industries have to constantly innovate and upgrade their operating methods to serve their clients more efficiently and cost effectively.

“To continue to earn a reputation of integrity, service and diversity that is unmatched in our industry, the Dependable Difference. In order to achieve these lofty objectives, we must hire and retain only the most qualified and dedicated individuals who share The Company’s vision.”

Our status as a diversified, premiere third party logistics provider is dependent upon our ability to provide only the highest level of service to our customers, maintain a necessary profit margin, and to recognize opportunities and react to changing market conditions well ahead of our competition.

I am extremely proud of our staff and what they have accomplished.

CEO's Signature

## FLAT RACKS

# SHIPPING SERVICES

RGC accepts cargo for virtually all major sectors of the world. We have our reach to destinations in the following areas:

- Far East
- Red Sea
- U.S.A
- Western Mediterranean
- South America
- Australia and New Zealand
- Europe
- Eastern Mediterranean
- West Africa
- Gulf

RGC handles dry and bulk cargo at both Karachi port and Port Qasim. It is our responsibility to look after the interests of our foreign principals operating liners and tramp vessels in the area. Our team of professionals is tasked to handle tankers and a variety of vessels calling at either of the ports. The whole job consists, among other things, the vital element of maintaining excellent relations with the port authority and the administration. This inevitably contributes toward the high level of service we provide.

RGC's specialty is provision of services to importers of petroleum products, especially for the Ministry of Petroleum. We also attend to vessels calling at Pakistani ports for loading of molasses or chemicals. In addition, RGC represents a number of shipping companies who operate their vessels for the discharge of palm oil and other vegetable products.

RGC provides complete door-to-door service to transport containers of FCL cargo within Pakistan. We work with a broad customer base of importers and traders who require the professional help in transporting their goods from Karachi to up-country destinations.

RGC specializes in project handling and heavy cargo.

For unique or unusually heavy cargo, special equipment is often arranged to facilitate free and smooth movement. To reinforce the existing technological infrastructure, we introduced a new message communication system in September 1998, linking it with the rest of the world in one seamless global communication network. This system is designed to maintain 24-hour online tracking of containers and other cargo en-route to the eventual destinations. Messages, announcements and urgent information are routinely shared directly and instantaneously with our principle's offices.

# PROJECT CARGO

We handle special transportation of oversize and heavy items, which require individual detailed transport planning from origin to destination. We custom make solutions for each heavy lift with complete all in package from origin to destination. With proven practices and expertise to reduce and control risk we look at every detail of your heavy lift cargo to meet your precise requirements.

## PROTECTIVE AGENCY

With experience that spans for more than a decade Rways group of Companies provide protective agency services at the ports to most of the leading ship owners and charterers. We are well placed to serve owners interests under protective agency agreement. You will benefit from

- Supervised expenditure
- Controlled reporting and proactive events update
- Regular scheduled berth visits
- Offer husbandry services when required such as spare part logistics, crew changes, hold cleaning, shore labor requirements and security

## SHIP BROKERAGE SALE & PURCHASE | CHARTERING

## SALE & PURCHASE

Both dedicated and professional, our team of brokers specialize in all aspects of ship sale and purchase including: Dry Bulk Carriers, Tankers, Container Vessels, Reefers, Tugs and Barges.

## CHARTERING

Consisting of highly experienced brokers Rways group of Companies maintains close relationships with the major, traders, ship owners, exporters and importers. We are always striving to develop new alliances. We have dedicated account brokers to look after our customers. Regardless of size you always receive a complete service based on your need and requirement. We have experience in developing time charter projects.
